Saint Louis Stamp Expo 2010

Expo will be upon us right after the February GMCSC meeting. Most committees need volunteers to check badges, help with set-up and take-down, and assist dealer check-in.

As a cost-cutting measure, APS is no longer sending a head office representative to discuss memberships, greet members, and give out literature. The local committee (**Alan Barasch**) is soliciting your assistance to operate the booth during the show. You must be an APS member.

Time requirements are as little as one hour.

The Friday of the show is "Children's Day" and we understand that six schools are bringing about 265 students. Much help is required to keep the children moving. On Saturday, there will again be a **Boy Scout Merit Bodge** in stamp collecting seminar.

The Military Postal History Society is meeting as well as the Illinois & Missouri Postal History societies.

Again, this year, there will be an **Adult Beginner's** class on Sunday. If you or someone you know would be interested, contact **Tom Jozwik** at Regency or have them sign up on Saturday at the show.

Dues Time

The dues for the GMCSC have not changed in more than 15 years and are still the greatest bargain in philately. Dues are just \$5 for a single member or \$6 for the whole family.

This year, for the first time ever, we are offering an incentive to pay your dues early. Anyone paying by the end of February will receive a subscription (or extension) to the American Stamp Dealer & Collector magazine.

Missouri People & Places on Stamps

My presentation this month is a trivia exercise about people and places associated with Missouri. Nevertheless, have you stopped to think about the Missourians who should be on a stamp but the goal has eluded them?

Dale Carnegie was born in **Maryville**, **MO** in 1888 and attended State Teacher's College; now Central Missouri State University in Warrensburg. He won many friends and influenced at lot of people; but he has never gotten his face on a stamp?

Sam Walton grew up in Missouri, principally in Chesterfield and Columbia. He attended the **University of Missouri**, graduating in 1940. He was the richest man in America for most of the 1980s but has not had his kisser on a stamp.

Marlin Perkins was born in **Carthage**, **MO**. He is widely known as the director of the St. Louis Zoo and host of "Mutual of Omaha's Wild Kingdom." Have you seen his stamp?

Ginger Rogers was born in **Independence**, **MO** in 1911. She made 10 films with Fred Astaire in a career that encompassed 73 films from 1929 to 1984. Is she on a stamp? Isn't it about time?

J. C. Hall may not be a household name but you have probably purchased one of his products. His company founded in **Kansas City, MO** in 1910 sells more greeting cards than anyone else, owns Crayola crayons, Silly Putty, and the Hallmark Hall of Fame.

Philately Around Town

Did you know that there are a number of other stamp clubs around town? There is something for everybody and every taste.

For example, the Monsanto Stamp Club meets the 4th Tuesday most months. Their sole program are 2 auctions at each meeting, one auction of high-value stamps and one of lower values.

The Webster Groves Stamp Club meets the 1st and 3rd Friday each month. Their meeting consists of an auction and a program. Distinguished collectors from around the country present many of Werbster's programs. Webster has always attracted the more advanced philatelists in the area.

There is a group of philatelic exhibitors that meet monthly to help each other with exhibiting and write ups of their collections.

Ask one of your officers if you are interested in any of these groups. We are all affiliated with all of them.

Starting a New Collection

I have been writing newsletters for stamp clubs for over 25 years. My first was for the **Birmingham Philatelic Society** from 1979 to 1986, when I left Alabama.

My next, was the joint newsletter of the **Razorback Stamp Club** of Rogers and the **Northwest Stamp Club** of Fayetteville, Arkansas. I wrote that one from 1988 until I left

Arkansas in 1994 to move to Saint Louis.

All through the time I was writing those newsletters, I had a column going on how to start a new collection and suggestions on what to collect. Now that I have all this space and no auction list, I thought I would pick up where I left off.

Over the years, I have started a number of new collections, played with them for a few years and then set them aside or sold them. I began collecting Tristan da Cunha in about 1974. I built it up as far as I thought I could go, and then traded the whole thing for 2 Falklands stamps.

Deciding what to collect is

harder than beginning to collect it. Some of you have heard the story of how I decided to collect the Falkland

Islands; but the story bears repeating.

I was showing a college buddy my worldwide collection in many International Albums. He looked at it in disgust and said, "Real collectors specialize in something and don't try to collect the world." I took the Scott Catalog down off the shelf and opened it at random and said, "okay, that one!"

Forty-one years later and I still working on "that one," and loving every minute of it.

I don't recommend that everyone open a catalog at random, but it illustrates the point that anything you collect can be enjoyable. I know others that have done exactly the same thing. That is why a good friend collected Travancore-Cochin for many years. A random choice led

him to become the world's expert on an obscure topic.

I started a collection a number of years ago of computers on stamps. Realizing that this could get out of hand, I limit myself to pictures of actual computer equipment.

I do not want stamps with web addresses (that's a different collection), space stations or televisions, simply because they look like CRTs. I want punchcards on stamps, reel-to-reel tape, keyboards, and handheld devices.

Starting a New Collection

Once upon a time, I had this crazy idea to collect the Descendants of Queen Victoria on Stamps. Like so many other collections, it became an obsession.

Starting this collection was somewhat different from any collection I had begun. First I had to find out who the descendants were; before I could determine if they were pictured on a stamp.

I came into this one sort of backwards. I had learned in school that the interlocking families of the crowned heads of Europe had contributed to the beginning of World War I. I wanted to see it for myself, so I decided to enter just enough information into a genealogy program so I could see what the shouting was about.

Sometime around 1992, I published my findings in a GEDCOM file; a text-based genealogy sharing format. The original was posted on an old BBS (bulletin board) in the days before Internet. I just did a search and found 18,700 references to my ROYAL92.GED.

Once I had software that would allow me to attach a picture (of a stamp), the real obsession took over.

I started scouring the catalogs looking

for the people that were in the database. Soon I had a list to start with and went on a buying spree. I am sure there are a bunch of dealers that loved my choices.

Since I knew that one day I would want to exhibit this thing, I looked for the most interesting examples of stamps for the people in this new collection.

Gene's Show

Don't forget the dealer show at the Stratford Inn in Fenton on the 2nd Saturday of each month.

There is a very good reason that George V is illustrated by acquiring the 1929 Postal Union Congress stamp. First of all, it is an extremely

good example of the engraver's art. It is a great portrait of the king and finally, it shows that I am really serious about the collection.

My friend, Janet Klug suggested the title of my exhibit. It is "Vicky's Kids." The exhibit has been shown a couple times at StampFest. I need to

work on it a bit more; I want to be able to show all the descendant charts across multiple exhibit pages.

I bet you are wondering if I ever learned what I set out to do. Much later, after I had researched and entered a few thousand – yes, thousand – names, I had my answer. Everybody sitting on a throne in Europe is related to everybody else.

What is a Clothesline Exhibit?

Once a year, we all strive to bring in one page written up as an exhibit. The object is to tell a complete story

show, there are rows and rows of fine exhibits, most of which are between 16 and 160 pages. The idea is to tell a unified story in the context of the pages presented.

With clothesline exhibits, you don't have to mount many pages; just one. The one page could have a single stamp, many stamps, a single cover or some combination. But it must have some writing so that you do not have to stand next to it to convey the message.

Illustrated on this page are a few examples that your editor has done over the years. He will stay out of the clothesline competition since he has been exhibiting nationally for over 25 years.

StampFest

StampFest 2010 was a success. Final figures are not in but from preliminary numbers, it looks great.

Looking at the sign-in sheets, it appears that most of our members were there one or both days. In addition, we had the most ever help for

Newsletter Enclosures

enclosures this month There are Confluence Magazine; published Lindenwood University and featuring articles on local topics of interest. Our own, David **Straight** is a regular contributor on philatelic topics. Also, this month there is a flyer for Saint Charles Fall Stamp Show put on by our member, **Nancy Moellring.**

Our Officers

On October 10th, our officers will hold their annual meeting to discuss the year ahead.

If you would like to be included in the list of programs for next year, please make your wishes known.

Also, if you have any desire to serve our club as an officer, please step forward. Our present leadership has served virtually unchanged for the last ten years. Perhaps you could bring new ideas to the table.

Extra Supplies?

Scott Ward and Ken Lucas who make up packets for the Youth programs are looking for used glassines and stock sheets. They use these for the school programs and for stamp show giveaways. Bring them to meetings for us to pass along.

right door?

Here is a quick map to help you find your way. We meet at the furthest area of the school from where we

hold the show. Take the driveway all the way around to the South. There is a small parking lot tucked in and larger lots right outside of the area.

If you come in through the school's main entrance, follow the steps or ramp down, walk past the lunchrooms, and keep going down to a long hall. We should be at the end.

If all else fails, dial 314-608-6088 and someone will come looking for you.

October Meeting

Coming up in future months, in October, we have our annual presentation by **David Straight** on "Gatherin' the News".

Balance of the Year

Our Auction Bux sale occurs in November. All those bux you have accumulated during the years are worth something in our sale.

Finally, we close out the year with our Holiday Party in December. You will note that it is a lot earlier than previous.

When we went to make changes based on the vote at the September meeting, the good dates had already been taken. The Orlando Gardens where we have dined for a number of years has closed. We are moving to **Syberg's** on Dorsett at I-270.

Breakfast Club Meeting

The Breakfast group meets the 2nd Monday of the month. The next meeting is November 8th at Steak 'n Shake @ Olive and Woods Mill Roads at 8:30 AM.

Thankfully, the election season will be over and we can get back to talking about stamps instead of politics. I understand that some members have quit coming to the Breakfast Club because they were shouted down over their views. Remember, philately is a hobby!

Auction Bux Sale

From Gary: I have about 70 lots for the "auction bux" auction, but if anyone would like to bring any additional items to the October meeting for inclusion and for credit toward additional "bucks". No credit will be given after the Oct meeting. Should you not be at the meeting, call Gary Hendren (314.576.5261) or email at g2hslm@msn.com to give him a description of the lot(s) catalog value or value, and he'll add to the list will be printed up, and you can bring the items to the November meeting.

Extra Supplies?

Don't forget the dealer show at the Stratford Inn in Fenton on the 2nd Saturday of each month from 10 to 4.

Communication during the month should be directed to the Secretary at the website or email.

There is road construction across from the high school this year but should not affect the meetings in any way. Also, there is a new building going up that will affect where they stick us for a few months.

Haven't been to a meeting lately? Can't find the right door?

We added three or four members at the show and others continue to find us.

Here is a quick map to help you find your way. We meet at the furthest area of the school from where we hold the show. Take the driveway all the way around to the South. There is a small parking lot tucked in and larger lots right outside of the area.

NOVEMBER MEETING

There are 2 orders of business in November, the first is election of officers. At the annual board meeting to discuss meeting topics, the current slate of officers expressed a desire to serve another term.

The second order of business is our annual Auction Bux sale.

Breakfast Club Meeting

The Breakfast group meets the 2nd Monday of the month. The next meeting is December 13th at Steak 'n Shake near Olive and Woods Mill Road at 8:30 AM.

2010-2011 Schedule

November 22	Auction Bux & Election
Thursday, Decembe	r 2 Holiday Party
January 24, 2011	Paul Miles - Gold
February 28	Scott Ward – Youth Programs
March 28	Revenue Stamped Paper

Gene Stewart has a bourse the 2nd Saturday of each month at the Stratford Inn from 10AM to 4PM across from the ruins of the Chrysler Plant in Fenton. The Holiday Party show will be December 11th.

AUCTION BUX

You remember the Auction Bux that you register every month for doing things for the good of philately. Well, in November we have a way to spend them.

Arrive early to look at the lots! Turn in a list of 3 lots that you would like to see sold early in the auction while your money is available.

Other lots will be available if the need arises, i.e. there are people with money left.

There will be a chance before the auction begins to earn some "bux" on Monday. We will have interesting trivia games to get the ball rolling.

Thanks to the following donors for making this possible: GMCSC, Dan Baugher, Roger Grider, Gary Hendren, David Straight, Ken Paulsen, Hollis Sisk, Tom Minor, Star Stamps & More and others.

Our annual sale includes a lot of donated material. There are usually some books, stamps, supplies and other philatelic trash.

We will have some contests to earn extra Bux before we begin the sale. See you there!

Our annual Holiday Party will commence at **6:30 PM** on Thursday, December 2nd with cocktails and dinner around 7:15. It will be at the **Syberg's on Dorsett** at 2430 Old Dorsett Road (just East of the intersection of Dorsett and I-270).

Our master and mistress of ceremonies will have their usual games and puzzles to challenge and delight.

Special awards for the most correct answers.

<u>Send party reservations</u> to **Gary Hendren**, 12737 Glenage, Maryland Heights, MO 63043 or email to G2HSLM@MSN.COM by Monday, November 29 to assure a place at the table

See reservation form on page 4.
